SIGNS OF BREAK IN STRIKE SITUATION

WESTERN SWITCHMEN ARE RETURNING TO WORK; SITUATION IN THE EAST IS MORE SERIOUS.

By the Associated Press

CHICAGO, April 12.—Developments today west of Pittsburg in the unauthorized switchmen's strike, were regarded by railroad brotherhood officials as pointing toward a gradual dissolution of the insurgent forces, but in the east where the walkout was augmented in several districts the situation assumed a more serious aspect.

In the central and far west, numerous reports of defections from the strikers' ranks followed the report of the first important break at Columbus, Ohio, where 600 switchmen voted to return to work.

The Chicago railway officials were presented with "terms for settlement of the strike," which included recognition of the new union formed by dissenters from the Brotherhood of Railroad Trainmen and Switchmen's Union of North America.

Other clauses in the proposed settlement demanded the granting of the original wage increase called for in the strike announcement, to be effective upon the return to work, eight hour basic day, time and a half for all overtime, Sundays and holidays, and double time for overtime on Sundays and holidays.

In addition to the gradual improvement claimed by railroad heads in the Chicago district, the organization leaders pointed to the votes at Columbus, Fort Wayne, Ind., Akron, Ohio, and Saginaw, Mich., as marking definite breaks in the strike.

At Akron striking switchmen on the Erie, Baltimore and Ohio, Akron, Canton and Youngstown Railroad, voted at a meeting to return to work; 250 of the 300 strikers at Fort Wayne voted to return this morning, and the remaining employees of the New York Central will meet today to decide their course.

At Saginaw 100 switchmen decided to return today and volunteered to go to other Michigan points to aid in restoring normal service.

Cleveland Tied Up

CLEVELAND, Ohio, April 12.—With the exception of the Collinwood yards of the New York Lines, where a half dozen switchmen were working this morning, all Cleveland freight terminals were tied up today.

Working At Atchison

ATCHISON, Kansas, April 12.—Thirty switchmen who went on strike Saturday night, returned to work late yesterday.

Improving at Chicago

CHICAGO, April 12.—The first break in the switchmen's strike in the Chicago district, was recorded (Continued on Page Five.)

SHORTAGE OF HELP MAKES BURGLARY A SMALL CRIME

By the Associated Press

NEW YORK, April 12.—An increase of 25 per cent in burglary insurance rates which has just been put into effect has brought to light the fact that employers, made timid by the shortage of domestic workers, are tolerating thefts from their wardrobes and wine cellars in order to retain the few servants they have "in captivity." Officials of indemnity companies who give this explanation declare that in many cases employers have refused to allow the servants in their households to be questioned about thefts, through fear that they will quit if annoyed.

Emboldened by this situation, dishonest servants are reported to be helping themselves to their employers' effects, such as wine, clothing and jewelry.

"Servants are privileged characters in the homes of the wealthy throughout New York," said the head of one surety company. "In many cases holders of burglary insurance policies have cancelled their claims against the company rather than to prosecute a guilty servant, knowing that this would mean the loss of his or her services."

One New York lawyer recently refused to allow his servants to be questioned regarding a \$1,000 theft, saying: "Don't go near the house. If the maids suspect you, they will leave."

One investigator reported a case in which a young servant girl, had, in two weeks, disposed of eight cases of champagne and eight cases of whiskey by holding wine parties in the kitchen for her friends and entertaining them with choice liquors from her employer's private stock. Although the owner knew he could not replace the missing beverages, he refused to prosecute.

School of Methods To Be Held in Ada Church Next Week

A regular school for Sunday school superintendents, teachers and other workers will be held in Ada next week. The school is for the purpose of teaching men and women to be better church and Sunday school workers and although it is put on by the East Oklahoma Conference of the Methodist church it is open for all and any who will are cordially urged to attend.

This is the second school of this kind ever held by the Methodists in Oklahoma. The work is a new departure, and the first school was held at McAlester last week. The Ada school is for all churches in the Durant district and a large attendance is expected. The first session will be at 3:30 in the afternoon and again at night, the same hours to be observed all through the week.

There will be four teachers in the school. They will be Mrs. Wilbur P. Lee of Ada, who will discuss "Teaching Principles," Rev. L. F. Sensabaugh will discuss Administration. He is field Sunday school secretary and is known as a Sunday school expert. Mrs. W. B. Ferguson of Little Rock, Ark., will teach primary methods. Mrs. Ferguson is one of the leading church and Sunday school workers in Southern Methodism, being one of the teachers in the Junaluska training school. Rev. C. L. Brooks, presiding elder of the McAlester district will be one of the lecturers and among his topics will be "The Incarnation and Virgin Birth," "The Baptism of Jesus," "The Miracles of Jesus," "The Coming Kingdom," and "The Light of the World."

TORNADO STRIKES OTTAWA COUNTY

By the Associated Press

MIAMI, Okla., April 12.—A small tornado which struck the northern part of Ottawa county, causing considerable damage Sunday evening, unroofed houses, blew over barns and destroyed zinc mills. The Blue Bonnet mill east of Hockerville was almost totally destroyed and others are reported to be badly damaged. Considerable damage is also reported at Baxter Springs, Kansas. The damage to the Blue Bonnet mill was \$50,000 and other property losses swelled the total to \$75,000.

MRS. FAIRCHILD'S SISTER DEAD AT WICHITA FALLS

Sunday's Ardmoreite:

H. A. Fairchild and daughter, Roberta, and Mrs. P. A. Davis, mother of Mrs. Fairchild, have gone to Wichita Falls to attend the funeral of Mrs. Fairchild's sister, Mrs. J. L. Waggoner, who died Thursday in Baltimore.

Mrs. Fairchild had been with her sister for the last month in Baltimore, and accompanied the body to Wichita Falls.

Out at Muskogee

MUSKOGEE, April 12.—Switchmen on the Kansas Oklahoma and Gulf railroad who struck Saturday returned to work this morning but 55 other switchmen employed by the three other roads entering Muskogee still were out today.

MICKIE SAYS

A TYPE IS A LIL THING, BUT A LOT OF THEM TOGETHER ARE A MIGHTY BIG THING AROUND THIS HERE NEWSPAPER OFFICE! AND ITS JUST TW SAME WAY WITH A TWO DOLLAR BILL!

GEE! I WISH WE HAD AS MANY TWO DOLLAR BILLS AS WE HAVE LIL TYPES! OH, BABY!!

WEATHER FORECAST

Fair tonight. Colder in east and central portions. Probably heavy frost. Tuesday fair and rising temperature.

CARRYING WATER TO THE ELEPHANT

FRENCH SOLDIERS TO BE WITHDRAWN

By the Associated Press

LONDON, April 12.—The latest note on the subject of the French occupation move, received here this morning, says the French troops in Frankfurt and other occupied cities, will be withdrawn immediately upon the withdrawal of the German troops from the Ruhr region. The note promises, it is stated, that no further individual action will be taken by France.

HUNDREDS INJURED IN EAST RUSSIA

By the Associated Press

LONDON, April 12.—Two hundred persons injured in the explosion of a munitions dump at Rotenstein, near Königsberg, in East Prussia, have been rescued, according to a Berlin dispatch to the Daily Mail. Rescuers are able to approach the scene only in armoured cars as explosions are continuing.

Thirty tremendous explosions have occurred, wrecking dwellings over a wide area, and shattering thousands of windows in the city.

London Reports Seven Killed. BERLIN, April 12.—Seven persons were killed in yesterday's explosions at Rotenstein according to dispatches received here.

Ada Playhouses

The Liberty. Today is the opening date for Anita Stewart in "Old Kentucky" so come early and avoid the rush. Miss Stewart as Madge Brierly, the little mountain girl acquires her self in a very creditable and remarkably well fashion in this picture. As a girl jockey she rides like a veteran horseman and goes thru hairbreadth stunts that will make your hair stand on edge.

The American. Pearl White in the 14th episode of the "Black Secret" the picture with lots of thrills. Snub Pollard in "The Dinner Hour" is as cream as is also the Sunshine Comedy, "A School-House Scandal."

Pathe News showing all the latest happenings. Coming tomorrow, H. B. Warner in "For a Woman's Honor," and Charlie Chaplin in "The Count."

Local Promoters Receive Charter of Compress Company

Local promoters have just received the certificate of incorporation of the Choctaw Compress Company of Ada, which was signed by the secretary of state, Joe S. Morris, April 8. The capital stock of the new company is given as \$150,000. The incorporators are M. C. Wilson, S. W. Hill, P. S. Case, A. B. Mears, and A. K. Thornton, all of Ada.

"We will have a compress efficient in every particular by the time cotton begins to move next fall," said S. W. Hill, a promoter of the enterprise, this morning. "The cotton men and farmers of Pontotoc County are tired of wearing hobble skirts. We are going to have a compress here as good as the best, no matter whether we buy an old compress or build a new one. We are going to get busy right now."

Conditions with reference to the cotton market in Ada have been far from satisfactory for some time and it is the assertion of local cotton men that Ada has suffered very materially because of poor compress facilities. The men who are behind the movement to improve compress conditions are fully determined to put the project across and in their enterprise have the enthusiastic support of the Chamber of Commerce. A meeting of the officers and directors of the Chamber of Commerce will be held immediately to get behind the compress proposition and insure its successful completion. It may be said that the bunch who are after this compress have never failed to get what they went after.

French Get British Note. PARIS, April 12.—The Earl of Derby, British ambassador to France, delivered to Premier Millerand at one o'clock this afternoon, the British reply to the French Premier's note of last evening. Premier Millerand refused to discuss the contents of the note with newspaper correspondents.

McKEOWN LIKED IT.

Washington, April 7, 1920. Mr. Marvin Brown, Editor, Ada News, Ada, Oklahoma. Dear Marvin: The magnificent edition of the Ada News has just arrived and I certainly want to take this opportunity to compliment you upon this edition as to the high class work and style. This paper would be a credit to a city of 100,000 people. With good wishes for your continued success, I am, Cordially and sincerely, TOM D. McKEOWN.

SECESSION SPEAKS IN MEXICO COUNTRY

By the Associated Press

AGUA PRIETA, Sonora, Mexico, April 12.—General J. A. Pino, commanding the first divisional army of the state of Sonora, today announced he had received semi-official information that thirteen additional states of the republic had voted to follow the example of the Mexican federation. Definite details as to the list of states is lacking, however.

MINERS WILL MAKE A DEMONSTRATION

By the Associated Press

PITTSBURG, Kans., April 12.—Friends of the imprisoned Union President, Alexander Howat, who is in jail in Girard with three other union officials for contempt of court, are planning a demonstration at Girard this morning. Friends of Howat are to mobilize at a point a mile east of Girard and march to the town, where a demonstration will occur in front of the jail. Two of three bands have been engaged for the occasion. Early reports stated that many Kansas miners were not working today.

Eleven Thousand Idle.

PITTSBURG, Kans., April 12.—Ninety per cent of the coal mines of Kansas were idle today while miners refrained from work as a demonstration of protest against the imprisonment of Alexander Howat, their president, and three other district union officials. This announcement was made at the office of the miner operators after reports had been collected there from all over the Kansas district. It was stated eleven mines are in operation but those are being run with short forces. Three mines in operation are deep-shaft mines and the others shovel mines. Miners about 600 strong, according to estimates, are expected to reach Girard where Howat and the other officials are imprisoned, shortly after noon today, for a demonstration. Several American flags were being carried by the marchers. Shortly before noon an announcement by the operators association said that approximately 11,000 miners were idle today.

Report Shows Ample Moisture in Ground For Spring Seeding

The report of the state meteorologist for the past week shows that while the precipitation in Oklahoma was light there is sufficient moisture in the ground to make spring seeding easy and to quickly germinate the seed after being planted.

The low temperature of several days ago, damaged all kinds of vegetation, but wheat will not be seriously hurt.

Peaches and plums are reported to be hard hit, but apples were not badly hurt.

The report in detail follows: Precipitation was light to moderate and sunshine adequate. There is ample moisture, except in scattered localities in the western portion.

The first half of the week was favorable for preparation of soil and planting of corn, potatoes and truck, and all vegetation made satisfactory advance.

Exceptionally severe freezes during the nights of the 4th and 5th damaged all vegetation.

The low temperatures ranged between 10 degrees in the extreme northwestern counties to slightly below freezing in the extreme southeast. The extent of the damage has not yet been determined.

Wheat probably has not been seriously injured. Oats, alfalfa and truck were materially set back and damaged.

It is probable that nearly all the peaches and plums were killed. cherries and grapes less seriously damaged, while apples were not far enough advanced to be materially injured.

Early planted corn and potatoes were frozen to the ground. Considerable replanting of corn will probably be necessary.

WADLINGTON OUT FOR SECOND TERM

Wayne Wadlington in this issue of the News is announcing his candidacy for the office of County Attorney, this being his second term. He is running on his record for the past two years and believes that he is entitled to another two years' service.

While Wadlington is not a noise maker, he goes about enforcing the law in an effective and efficient manner. It is the general opinion that he has made good, and reports at this time indicate he will have no opposition for re-election.

He says he is making no promises, save saying that he will enforce the law as best he can taking dictation from no one and treating all alike.

A. H. Roberts, superintendent of the Osage Cotton Oil Co., left this morning with a force of five men for Calvert where they will wreck an oil tank.

"IT BLOWED."

Yesterday was another Sunday like Easter—only worse in some respects. A light shower of rain somewhere near daybreak brought a beautiful Spring feeling into being and the day started off most auspiciously. But some kind of a kink soon made its appearance in the running gear of the weather bureau and various things began to happen. Along about high noon things were happening by the square rod and half acre.

The temperature dropped down towards suggestions of Jack Frost and the Yukon, while the wind whipping up to Nancy Hanks velocity, bringing several Kansas counties down across the Cherokee Strip, began to sift and sprinkle the counties aforesaid over things in general and Sunday dinners in particular. Not so cold as Easter Sunday, but grittier—each grittier. The ozone beam came so thoroughly impregnated with Kansas real estate that old Sol hid his face in a mantle of redness and the biggest sandstorm since Casey lost his overalls was on.

All in all it was hardly a sample of Oklahoma weather. It was a whole cargo of samples. It was enough to last a boy a year and an old man a lifetime. It filled sewers and alleys, smoke stacks and dining rooms and fireless cookers with effluvia. It caused the headlights on passenger locomotives to be lighted at high noon and run three miles behind the trains. It caused the honk horns on automobiles to cough diaphoretically and slowed the cars on Main down to thirty-three miles an hour. It changed numerous township lines in Pontotoc county and macadamized every parlor floor in Ada. It was der tag.

NO TAX REFORM BY PRESENT CONGRESS

PROMISES MADE BY G. O. P. LEADERS TO REVISE WAR REVENUE SCHEME NOT TO BE KEPT.

By News' Special Service

WASHINGTON, April 12.—Secretary of the Treasury Houston, in a letter to the house ways and means committee, has put at the disposal of the committee every expert in the treasury department in an effort to either induce or force some revision of revenue legislation during this session of congress, and has expressed a willingness to aid in any way to bring about taxation reform.

Despite this latest endeavor, it is apparent the ways and means committee will do nothing at this session of congress.

The decision of republican leaders to refrain from removing the inequalities which crept into taxation legislation during the stress and strain of war will mean that not until 1922 will the country be relieved of these burdens. When congress meets again next November, there will be an expressed desire to await recommendations of the new President in the following March. Then the subject will be debated at length and the taxable returns, under a revised schedule, cannot be made applicable until the 1922 taxation period.

Under existing conditions it would require not more than one week on the part of congress to remove from the law at least some of the inequalities. Pointing out how much needless trouble is caused taxpayers and the injury business suffers, Secretary Houston said:

"Complexity in tax laws violates the most fundamental canon of taxation, that the liability shall be certain and definite. It is not merely a source of irritation, labor and expense to the taxpayers, but when combined as it is in the present law with the heavy rates of taxation which war exigency has forced upon us, it becomes a major menace, threatening enterprise with heavy but indefinite future obligations, generating a cloud of old claims and potential back taxes which fill the taxpayers with dread, creating, to be sure, an attractive source of additional revenue, but clogging the administrative machinery and threatening, indeed its possible breakdown."

Every source of trouble could be removed by three or four simple amendments to the present legislation, Secretary Houston believes.

Mills of Gods Grind Exceeding Fast in the High Courts in City

A number of cases were heard in the police court of Mayor Gary Kitchens this morning. U. D. Daniel a white man, was charged with being drunk. He pleaded guilty and was assessed \$8.75.

Lee Garmon, a colored lady, was up for making Choctaw beer and having same in unlawful possession. Her case was contested, her attorney being Robert Wimlish. She was found guilty and fined \$24.75. The case was appealed to the county court.

Albert Gannon, white, was charged with loitering where gambling was going on. He pleaded guilty and was fined \$10.75.

Wash Peppers, another white man, was charged with being drunk. He didn't have the \$8.75 and languishes in the city bastille at \$1.00 per diem and board. R. M. Castle, another white man, ditto.

Charley Rowe of Stonewall was lodged in the county jail yesterday charged with assault with intent to kill. The complaint alleges that Mr. Rowe did with open knife in hand attempt to kill his wife at their home Sunday. The time for his preliminary hearing has not yet been set. The penalty in such a case is a term in the penitentiary from one day to 10 years, according to conviction. The complaint is filed in the court of Justice Joseph Anderson.

Pedro Suerto, alias Bill Coleman, was arrested near Maxwell yesterday on a charge of poisoning cattle. It is said Mr. Suerto did with malicious intent put poison in a well in the Maxwell community. The penalty is three years in the pen. This case is also filed before Judge Anderson. Mr. Suerto is now in the county jail. Charley Patterson was released from the county jail this morning. He was held on a charge of beating a board bill here in Ada. The board bill amounted to \$21 and the court costs were \$8.30. The sums named were paid.

There are four other men in the county jail at the present time. One vagrancy; another is Ray Smart, charged with burglary, and the other two are Pedro Suerto and Charley Rowe, arrested yesterday.

BALL SEASON TO OPEN WITH A VIM

AMERICAN ASSOCIATION GETS LINED UP IN MANY CITIES FOR BIGGEST SEASON IN HISTORY.

By the Associated Press
KANSAS CITY, Mo., April 11.—The Kansas City American Association team will start the 1920 season with a line up considerably different from the array of talent that finished in second place last year. Two important cogs in the 1919 machine will be missing—Beals Becker, premier batter, has engaged in a business venture in California and Jess Haines, pitcher is now with the St. Louis Nationals.
Al Platte, former Louisville slugger, is occupying Becker's berth, but the Haines vacancy will be difficult to fill. The club has Oscar Hortsman, a big right-hander with major league experience, but owing to a motor car accident which befell him when he was a member of a St. Louis club last summer, the ability of this pitcher is somewhat uncertain.
John Gangel, the 1919 manager, has abandoned baseball and has been succeeded by Al McCarthy, the team's regular second baseman. It is McCarthy's first managerial trial, but he is said to be popular with the players and to have plenty of "pep."
The Kansas City outfit spent two weeks in training at Claremore, Oklahoma, then started for home playing a series of exhibition games en route. The players are in good condition.

TOLEDO, Ohio, April 11.—This is Toledo's fifth year in baseball with Roger Bresnahan at the helm, and it is the first time anything like a formidable aggregation has been put together. Bresnahan, who used to be a big league manager, has an unlimited amount of cash at his disposal this season and he has lined up what on form should be among the best in the American Association.
Bresnahan has had trouble with some of his holdouts but most of them have come to terms and have been working diligently to get into shape at the spring training camp at Paducah, Ky.
Toledo probably will open the season with the following lineup:
Wickland, right; J. Kelly, center; Wilhoit, left; Jones, short; Beall, first; Fox or Thompson, second; Kores or Stryker, third; Bresnahan, M. Kelly or McNeill, catcher; McColl, Brady, Nelson, or Middleton, pitchers.

MILWAUKEE, Wis., April 11.—The Milwaukee American Association baseball club, under new owners and manager and with several new players in the lineup expects this year to finish somewhere in the first division.
Jack Egan, who piloted the team during the short season of 1918, and who later guided the Providence, R. I., club, again has been retained to manage the club. "I am not claiming to have a pennant-winning team," said Egan, "but look for the boys to finish in the first division."
The Milwaukee club again trained at Evansville, Ind.
The make-up of the team, while not quite complete, will include these players:
Catchers, Pat Haley, Emil Kuhn, Alex. Gaston.
Pitchers, Earl Howard, Lou North, Jake Northrup, Douglas McWeeny, Ed Miller.
First base, Del Gainer; second, Artie Butler; short, Jim Cooney; third, "Red" Smyth.
Paul Smith has been picked for centerfield and George Orme for left. The rightfielder has not been announced.
The new men include Haley, Gaston, McWeeny, Miller, Gainer, Cooney and Orme.

LOUISVILLE, Ky., April 11.—The Louisville baseball club is declared in readiness for opening of the American Association race Wednesday.
Manager Joe McCarthy and twenty-two players, having just finished spring training in the south, anxiously await the curtain raising and are confident of making a creditable showing for the pennant this year.
McCarthy, veteran second baseman of the team, will manage this year and continue to play second. He took over the managerial reins late last season and impressed the officials so much that his manager-ship was again sought this year.
The players on the roster are:
Catchers, Meyer, Kocher, Diegman, Schmidt.
Pitchers, Tineup, Long, Graham, Koob, Wright, Decatur, Tatum, Dunham, Gallagher.
Infielders, Kirke, McCarthy, Betzel, Wortman, Wolfe.
Outfielders, Massey, Lamar, Acosta, Meeks.
The biggest trades recorded during the winter by Louisville was the exchange of Outfielder Bescher to Columbus for Outfielder Massey, Outfielder Tim Hendryx to the Boston Americans for Outfielder Lamar; and Pitcher Davis to St. Louis Americans for Pitchers Wright and Koob.

INDIANAPOLIS, Ind., April 11.—Indianapolis will be in the American Association pennant race from the start, provided the pitching staff delivers, in the opinion of Manager Jack Hendricks. It is this department that has caused the local management the most worry.
Four weeks of training in St. Petersburg, Fla., has put the Tribesmen in splendid condition. W. C.

Smith, who purchased James C. Gill's interest in the club last winter, has made every effort to obtain the talent necessary to produce a winner.
New members of the team are Shinner and Emerich, outfielders, Infielder Shrieber, late of Cincinnati, and Pitcher Murray, a collegian. Pat Callahan of the Philadelphia Nationals, Jimmy Smith of Cincinnati, Steve Yerkes and Herman Bronkie are listed as holdouts.
There are five pitchers on the roster. They are Crum, Cavet and Rogge, last year with Indianapolis, Murray, a collegian, and Karl Adams, who finished the 1919 season with Toledo. Every effort is being made to bolster this department.
The team probably will line up for the first game with Toledo as follows: Covington, first; Wolf, second; Shrieber, short; O'Mara, third; Shinner or Emerich, left; Zwilling, center; Reh, right; Gossett, catcher and Crum, pitcher.

ST. PAUL, Minn., April 11.—With last year's champion team almost intact, the St. Paul club is making an effort to obtain two infielders from the Detroit American League team to strengthen the inner defense of Manager Mike Kelly's machine before the American Association gets under way.
The Saints won the pennant last year with a comparatively weak infield and Manager Kelly has been attempting to obtain Dyer and Ellison from Detroit. Both of these infielders formerly played with St. Paul.
The pitching staff will include Fritz Coumbe, who was obtained from the Cleveland Americans in a deal in which Dick Niehaus went to Cleveland. Outfielder Bruno Haas was obtained from Milwaukee but has not signed his contract. The services of George Halas, formerly University of Illinois star, who was with St. Paul last year and who made a good showing, will probably be lost this season as Halas was injured while playing football last fall.

MINNEAPOLIS, Minn., April 11.—The Minneapolis club will start the American Association race with what is expected to show as the best pitching staff in the league, an average outfield, with two good catchers, and an infield which is none too strong.
Six pitchers, all of whom have been going well throughout the training season, are ready to start. They are: Bill James, obtained from the Detroit club of the American League, Rube Schauer, Lefty Whitehouse, Ed Hovlik, Charley Robertson, and Molly Craft, all of last year's team.
Henri Rondeau will be the only one of last season's outfielders to be in action with the Millers this season. The other positions will be cared for by Charley Jackson, who came here from the Western League and Bob Murphy, obtained from the Washington Americans. These three are fair hitters but much better fielders.
The catching department has two good men, Walter Mayer, turned over to Minneapolis by the Washington Americans, and Frank Owens, a veteran.
Manager Cantillon's chief difficulty has been with his infield. Elmer Bowman, a husky recruit from the University of Vermont, is the Millers' best bet for first base. Carl Sawyer will be at second. Dick Wade, Duluth, Minn., semi-professional, with Ike Davis, are fighting it out for the short field job. Wade has been showing exceptional form.
Wally Smith, thought by many to be the premier third baseman in 1915, is trying a comeback this year and may deliver in his old form after the season gets under way.

GERMANS HELP LOCATE GRAVES OF SOLDIERS
The Graves Registration Service of the Army and the American Red Cross has received invaluable aid from German prisoners detailed to help searchers in the task of locating the graves of American soldiers who fell behind the German lines. The Red Cross is photographing for the families of soldiers the graves of all the American dead that can be found.
Twelve bodies recently were located through the assistance of one of these prisoners, who recalled their burial. The German remembered that after a counter attack, when the Germans recaptured a village, several Americans had been

BETTER THAN CALOMEL
Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.
Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.
These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.
Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

buried in a certain spot hurriedly, he recalled, for another onslaught was momentarily expected. He described how the bodies had been placed in three rows in a shell-made grave, and led the American Red Cross workers to the spot. The bodies were found and, after identification, were given a reburial in Romagne, the largest cemetery in France.
Of the 900,000 graves of American soldiers in France only 3,000 have not yet been photographed. The majority of the 3,000 are of men who fell during the time when the 27th and 30th Divisions were brigaded with French and British troops in the Somme region, and their graves are scattered through the Bar-le-Duc and St. Meneshaud sections. They will all be transferred in the spring to Romagne cemetery and rephotographed for the purpose of accurate and definite record.

AMERICANS IN BERLIN ASK RED CROSS AID
American and British Mission in Berlin are attempting to arrange with International Red Cross for a train to remove American and

British citizens from the city, according to advices received recently at the Southwestern Divisional Headquarters of Red Cross at St. Louis. German officials have been quoted as saying that they could not guarantee safe passage.
A large number of Americans mostly business men, who went to Leipzig to attend commercial fair are reported panic stricken as a result of the street fighting in that city. So far none has been injured but they are reported to be making efforts to leave the city by automobile and airplane.
There are more than 200 Americans in Berlin, including 30 women, the Red Cross was notified. The women for the most part, are wives of newspaper correspondents and businessmen who went to Germany seeking trade.
The Red Cross has sent funds to the Red Cross representatives in Berlin and is preparing to rush truck loads of food if actual famine is threatened.

LOVE NOTES TO FRANCE CROWD EVERY MAIL
Red Cross workers in France report numerous requests from French townspeople to translate letters received from former American soldiers billeted at French homes during the war.
Every American mail reaching France, a Red Cross report says, contains thousands of letters from former soldier-members of the A. E. F. to friends and acquaintances acquired during the conflict.
Many unique tokens of gratitude are addressed to the heads of hospitable families where appreciative doughboys received a kindly welcome during their hours "behind the line." Others, to be sure, are notes breathing sentiments warmer than affection for winsome French

Our Entire Stock of Women's Suits
Marked at Special Prices
A Brief Description of These Handsome Suits
First the sizes, 16 to 42. Next the styles, with accordeon pleated skirts and with plain skirts, box coats and ripple coats; suits in plain tailor made styles that possess dignity and attractiveness. Then the fabrics, Poirer Twills and Tricotines, the two fabrics of unquestionable elegance, the two that enter into the better class of suit making almost to the exclusion of all others. Then, too, the colors—navy is the universal suit color, hence the major part of these suits are in navy. Tan, the next in popularity, is also in the display.

mam'selles. The aftermath of romance that saw its inception during the American's stay in France has not disappeared by any manner of means, Red Cross workers say.
Child Prey to Rats.
After lying for days in the manger of an old stable, too weak to move and the prey to famished rats, little Zulofska was found by

American Red Cross workers and brought to a Red Cross orphanage at Bialystok, Poland. She is one of the children found abandoned in the eastern villages of Poland that have been evacuated by the Bolsheviks. She speaks but a few words besides her own name. It is probable that one of her legs will have to be amputated.

Woman's Part In Man's Success
Often the strongest impulse to save comes from the woman of the household.
Every man should consider himself fortunate who has a wife or mother who helps him to save money.
The important part about saving is not the amount of money you set aside each week. The essential thing is the firm decision to save a definite, regular sum, no matter how small it may be.
Even \$1 saved regularly each week, will make your savings grow amazingly.
And this bank helps by adding 4 per cent compounded semi - annually.

RED CROSS WORKERS HAVE FUNNY TIME

Red Cross field representatives who travel through the Southwest Division of the Red Cross—Missouri, Kansas, Texas, Arkansas and Oklahoma—co-ordinating the various activities of the organization, tell humorous tales of their experiences.

One Red Cross worker at a Texas camp received a letter from a woman in an eastern state. "I understand," she wrote, "that my husband is soon to be discharged, and I want to ask you to see that he is kept at camp. I don't want him at home."

In one of the hospital wards a patient asked the Red Cross worker if she would buy an engagement ring for his sweetheart. The ring was bought, and when it was delivered a doughboy on an adjoining bed inquired: "I've got the ring, can you get me a girl?"

Another field worker was asked to ascertain the home conditions of a soldier's wife. She wrote to his home town and got this reply: "This man's wife is in jail for murder. As to home conditions the sheriff feeds the prisoners very well."

The State Press

Chickasha Express: Do not tell the same story so often that it 'gags' your hearers.

Chicago insists that hogs fatten quicker when treated gently. So do profiteers.—Muskogee Times-Democrat.

Norman Transcript: Note, please, that the oratory of our presidential spellbinders was completely eclipsed the other day. But it took a hell raising tornado to do it.

Muskogee Phoenix: The reason the believer may possess the peace that passeth understanding is because it wasn't necessary for it to pass the senate.

Pittsburg County Guardian: We are always sorry for the politician whose friends "just pulled him into the race." We say this because political history seems to indicate that in nearly all such cases they eventually quit "pulling" soon after they got him in.

McAlester News-Capital: Women pickets fighting for the cause of Irish freedom were not molested by Washington police, according to news reports. But nobody is surprised. What else could one expect when about nine-tenths of the cops came direct from the Isle of Erin.

McAlester News-Capital: We hate to give too much publicity to this vice crusade now going on in New York. Some of our prominent citizens who are lapsing into a state of viceless coma may be startled into moving to Gotham if they hear there is still an oasis around somewhere in this country.

Pittsburg County Guardian: Michigan seems to have all sorts of emotions besides Henry Ford and Senator Newberry. Now she indicates by favoring the New Jersey

governor for president that she wants to knock the stuffing out of the federal prohibition amendment. Which also indicates that, should Michigan become a "wet" as her preferential primary proves she wants to be, then the popular ditty "I Wish I Were in Michigan," will have another reason for being among the best sellers at the second-hand record counter.

Hugo News: Already they are wondering whether the next legislature will be administration or anti-administration. Governor Robertson in a few speeches has urged business men to elect business men to the legislature. Campbell Russell is stirring up the waters with a campaign to send a bunch of anti-administration representatives. What a calamity it will be for the state if we do have a legislature working at cross purposes with the governor. We have seen the effect of such a predicament upon national affairs. Let us have harmony or let's quit singing.

YOUNG GIRLS MADE STRONG

Mrs. Boyd Tells How Her Daughter Benefited by Taking Lydia E. Pinkham's Vegetable Compound.

Danville, Ill.—"My daughter was very delicate and we thought we could not raise her. She was troubled with irregularity and she was not able to go to school. For a year we gave her all kinds of tonics but to no good. One day one of your little books was thrown on our porch and I saw what Lydia E. Pinkham's Vegetable Compound had done for others and what it might do for her. Now she is getting fat and goes to school every day. You can tell every mother what the Vegetable Compound has done for my daughter."—Mrs. J. H. Boyd, 1002 N. Jackson St., Danville, Ill.

If every girl who suffers as Miss Boyd did, or from irregularities, painful periods, backache, headache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years' experience is at your service.

LET'S ALL STRIKE

We are glad to see another epidemic of strikes break out over the country, and inasmuch as this is a rather slack season anyway, we hope to see the strike become universal. If a strike is a good thing for part of the people, it ought to be a good thing for all the people.

We hope to see the humid days of summer ushered in by a strike of every man, near man, and alleged man in America. We hope to see the woman drop her lip stick and ditspan and the baby drop his pacifier. We hope to see every soul that breathes the air of America drop the tools of his profession and go on a good long strike. Such a general cessation of work will have a wonderfully soothing effect on the American soul.

We want to see every other editor climb down off his tripod and every preacher quit his pulpit. We want to see the butcher drop his cleaver and the clerk drop his yard stick. We want to see every banker on the curbstone and every farmer on his doorstep. We want to see every train lying dead on the siding, every factory fire extinguished, every acre of farm land lying idle, every delivery horse unharnessed, every grocery store breeding spiders, every garden overrun with weeds, every school house hatching bats, every hospital under lock and key, every post office closed for keeps, every telephone and telegraph silent as the sphinx, and every cook stove cold as a corpse.

There is something wrong with the country. We believe that a universal epidemic of loafing will cure all the ills that we endure. Men who have tried the strike have found it a panacea for many troubles. If it is good for a few, it is no doubt good for all. We hope to see this movement spread from hill to hill and from sea to sea, until there is not left one who works in all this mighty land. Let's loaf our way into the era of universal peace and unexampled prosperity.

AMERICANS ON GUARD

The election of 1920 will give the voters of America the first opportunity they have had since the war terminated to profit by the lessons of the war. Americans should begin today, if they have not already begun, to consider how they may profit by what occurred in 1917-19.

During the war period we had a few public servants in various places that we could not depend on. They probably were in no sense disloyal. But for some reason they failed to measure up to the standard set by loyal Americans. We couldn't depend on them. They disappointed us all the way through. Everything America wanted and needed, they opposed. Everything that Germany wanted, they for some strange reason supported.

Some of these men are candidates again, and we should remember that while the fighting has ended peace has by no means come. We are going today through a maze of dangers. These dangers probably will be overcome without further warfare, but they may culminate in the most desperate fighting. In view of such a situation, we simply cannot afford to return to office men who will not carry their part of the load. We make no mention of disloyalty or treason. We accuse no one of betraying his country in the hour of peril. But as a matter of coldblooded business we simply cannot afford to put any but Americans on guard.

Last Friday the Daily Oklahoman said that we had been in Oklahoma City in conference with General Freeling and on Saturday the Shawnee News said that the statehouse bunch were trying to inveigle us into the race for congress. We don't see how we could get along without the newspapers. Aside from the fact that we never had a conference with Prince Freeling in our whole life and that no one in the statehouse or outside the statehouse ever asked us to run for congress, the two stories are approximately correct. But they make interesting reading to the public in general and to this writer in particular.

In the debate on the peace resolution in the house last Friday, Mason of Chicago said that all that has saved President Wilson from impeachment is his serious illness. This is the same Mason whom Hastings of Oklahoma denounced as a traitor in a congressional debate during the war period. Hastings' language was afterward stricken from the record, but it is the same Mason just the same.

Do the people know that the country pays one half the cost of all the school books used in Washington?

MORRIS FLAYS WORLD UNION

SAYS INTER-CHURCH MOVEMENT CONTRARY TO BIBLE; CHURCH ENDORSES HIS STAND.

Rev. Clyde Calhoun Morris, pastor of the First Baptist church of Ada, took the hide off the Inter-Church World Movement Sunday at the 11 o'clock service. The sermon had been advertised before hand and a great congregation was present to hear the explanation of why the Southern Baptists are taking no part in the new movement which proposes to evangelize the world.

The minister read the first chapter of Galatians and in explanation said that the Inter-Church World Movement was no new thing—that it was as old as the Christian religion itself. He stated that Paul had it to contend with and shunned it and that all real Christians had shunned it ever since. "There is one thing," said Rev. Morris, "that God does not want. That is the half of a man's heart. God either wants all your heart or none."

Rev. Morris took for his text the 3rd verse of the 3rd chapter of Amos: "Can two walk together except they be agreed?" His answer was that they could not. And his answer to the advocates of the World Movement was that there could never be a church union until all were agreed. He stated that there were some 1,246 denominations in the United States, and that the number was increasing instead of growing less. Among them he said there are 12 to 15 branches of the Methodist church, a like number of Presbyterians, and five branches of Baptists. The speaker stated that the Catholics also wanted church union—by all joining the Catholic church. The methodists want union by all becoming Methodists, the Presbyterians want all to become Presbyterians, the Episcopalians want all to be reordained into their belief, the Christian want all to accept their way of baptism, and the Baptists can never join them because the Baptists want all to follow the teachings of the Bible.

Rev. Morris said that the Inter-Church Movement had been going on in one form or another for a number of years. One plan was that advocated in Canada—The Minimum Creed Plan. That is for all to believe in the Inspiration of the Bible, the Omnipotence of God and the Divinity of Christ and the Atonement. Another plan is that of dropping what is called non-essentials advocated by Methodists and others.

In speaking of Dr. John R. Mott, head of the Inter-Church World Movement, Rev. Morris said: "Dr. Mott is the leading religious politician and religious oligarch in the world. He was the leading spirit in the Edinburgh Conference, which proposed to unite the missionary work into one co-operative whole. He was the man who tried to put over the same kind of impractical and unchristian scheme in Chili. During the world war Dr. Mott was the head of the War Work Council and as such was the man chiefly responsible for the discrimination in religious work. Why, in the army religious work there was a place for Jews, a place for Catholics in the Knights of Columbus camps and all the Protestants could do was work through the Y. M. C. A. At San Antonio, Texas, Dr. Gambrell, president of the Southern Baptist convention, and other Baptists were not permitted to hold a Baptist revival."

They had such a strange hold on the Baptists that whereas Dr. George W. Truett was sent by the First Baptist church, Dallas, overseas, his salary paid, and more than \$1,000 paid for his expenses, he could not go except in a Y. M. C. A. uniform and under the direction of the Y. M. C. A., though he earnestly desired to go out as a Baptist minister."

Continuing, the minister said: "The Baptist church is the greatest democratic organization on earth. The first martyr to religious liberty in this country was a Baptist minister—and the last martyr was. We want to be free, and we are going to be free. I do not want any presiding elder, bishop or board to tell me where to go, when to go and how long I can stay. The Inter-Church World Movement is already stirring up strife all over this country. They are attempting to create discord among our Baptist people and I want them to let us alone. They are even putting on their union work among our foreign missionaries with no conference whatever with our foreign boards. One of their leaders said in West Virginia that if Southern Baptists do not join them we will be destroyed in our organization."

"Economically the Inter-Church World Movement is unsound. It is gotten up by men outside of all churches and by men who work on a commission basis for the money they can make. They propose to raise a billion dollars on a five percent basis, and Baptists will have nothing to do with it."

"One very favorite illustration put forward by the Inter-Church World Movement is this: Victory came to the allied armies when the way was found to co-operate under a common plan. Since it was possible for these many allied nations to fight together effectively without destroying their individuality or surrendering their sovereignty, leaders

of the evangelical denominational in the same spirit with great benefit churches believe it is possible for Christian bodies to work together to each other and with highly multiplied power in their appeals and efforts." Whether these very able brethren cannot think under the bark or think nobody else can, I do not know. The illustration does not fit the case at all. The allied armies were absolutely agreed in what they wanted to do. The different denominations are not at all agreed. The Episcopalians will preach their doctrines—rationalist salvation and all. Others will preach their doctrine. The Atlanta Convention declared the Baptists have a distinct message and mission. Our message is different from the message of others. We discard all proxy religion. Others hold to it. We discard baptismal regeneration. Many others hold to it. We discard all overhead authority in religion. Others hold to it. The very root principles that govern Baptists are different from others; and the other denominations do not agree as to what they want to do. Baptists are committed irrevocably to the propagation and confirmation of the Gospel throughout all the world; and real Baptists will not, cannot, talk down on the great doctrines of the New Testament in order to keep in with others; and we would necessarily have to do that in any such movement as is proposed."

Baptist Resolution.

A statement concerning the attitude of the First Baptist Church of Ada, Oklahoma, toward the Inter-Church World Movement, adopted by unanimous vote of the membership Sunday morning at eleven o'clock.

In order that the general public as well as all our own members may be correctly informed as to the attitude of the First Baptist Church of Ada toward the Inter-Church World Movement, we submit the following observations:

1. We believe with all our hearts that Southern Baptists have a distinct message and mission to the world. That if we do not preach our message that there will be certain fundamental teachings of the Bible that will not be preached. We believe in preaching the whole Bible to the whole world in the Lord's appointed way. We believe in carrying out the great commission of our Lord, the Head of the Church, when He said "disciple all nations, baptizing them" and teaching them to observe ALL things whatsoever." He was commanded, without being limited in our progress, or de-limited in what we shall teach or in territory.

2. We believe that we cannot subject ourselves to any overhead control or management of any kind whatsoever, but we believe in the complete autonomy of the local church and that it is the sovereign body and the supreme court, under Christ, in all matters of church polity in its message and mission to the world, as outlined in the Bible. We believe that a Protestant oligarchy is as antiscipitral, as undemocratic and as undesirable as a Romish Hierarchy. Any sort of engaging alliance with other bodies holding to different standards of doctrines and different views of church life and church order, is contrary to Baptist genius and polity is anti-scriptural in letter and spirit is unsound in principle and unsafe in practice. The late war proved the fact that a civil autocracy is dangerous for the race, it is equally true that a religious autocracy is dangerous to the welfare of the people spiritually. However, we have a cordial fellowship for our brethren of other faiths and delight to cooperate with them in all matters not violative of conscience, but we believe that the organization and management of the Inter-Church World Movement is now or is rapidly tending toward an over lordship of super control of the denominations, acting in the capacity of a closed corporation whose officers are not subject to recall and whose acts are not subject to review by the people composing the membership of the churches. This we regard as fundamentally contrary to the genius of New Testament church organization.

3. We believe that our Baptist people are in conscience bound to administer the affairs of our denomination and to prosecute its programs, with all the economy consistent with best efficiency. Our funds are trust funds, contributed by our brethren for the spread of the gospel among the lost people of the earth, and for us to absorb the sums of this money in expensive, not to say extravagant, administration would be a wrongful diversion of those funds and an abuse of a sacred trust.

4. The Inter-Church World Movement has already violated its profession of Christian fraternity by its attempt to ignore the cherished convictions of our people and by its policy of invasion and intermeddling in the affairs of Southern Baptists, after we had courteously heard its case and had in candor, but in firmness, answered its appeal once for all, at the session of the Southern Baptist Convention at Atlanta, Georgia, in May 1919.

In view of the above statement of facts, we the members of the First Baptist Church of Ada, Oklahoma, along with our sister churches of the Southern Baptist Convention, in conference assembled this 11th day of April 1920, do hereby announce that it will be the policy of our church to have no part or lot in any of the conferences, programs, or surveys of the Inter-Church World Movement.

WASHINGTON, April 12.—There will be no investigation of the railroad strike at present by the Interstate Commerce Commission, Chairman Cummings announced today, after receiving assurances at the White House that the railroad labor board would be appointed within 24 hours.

Revolution in Guatemala.

WASHINGTON, April 12.—The long threatened revolution in Guatemala against President Cabaera finally has broken out. Reports to-

day to the state department said the opponents of the president had gained control of Guatemala City after some street fighting. A marine guard from the cruiser Tacoma and

the submarine tender Niagara, has been landed to protect the American legation.

Let a Want Ad Get It For You.

Announcement

BlueBird Electric Clothes Washer will be sold in this district by
Haynes Hardware Co.

This wonderful all white, cabinet electric clothes washer offers the first satisfactory solution of the washday problem.

BlueBird washes clothes *clean*—cleaner than any other washing process. A whole week's wash is "on the line by nine" without the slightest effort by you. Even the wringing is done by motor.

Clothes washed the BlueBird way last five times as long as when washed on a rub-board—aside from the saving in laundry expense.

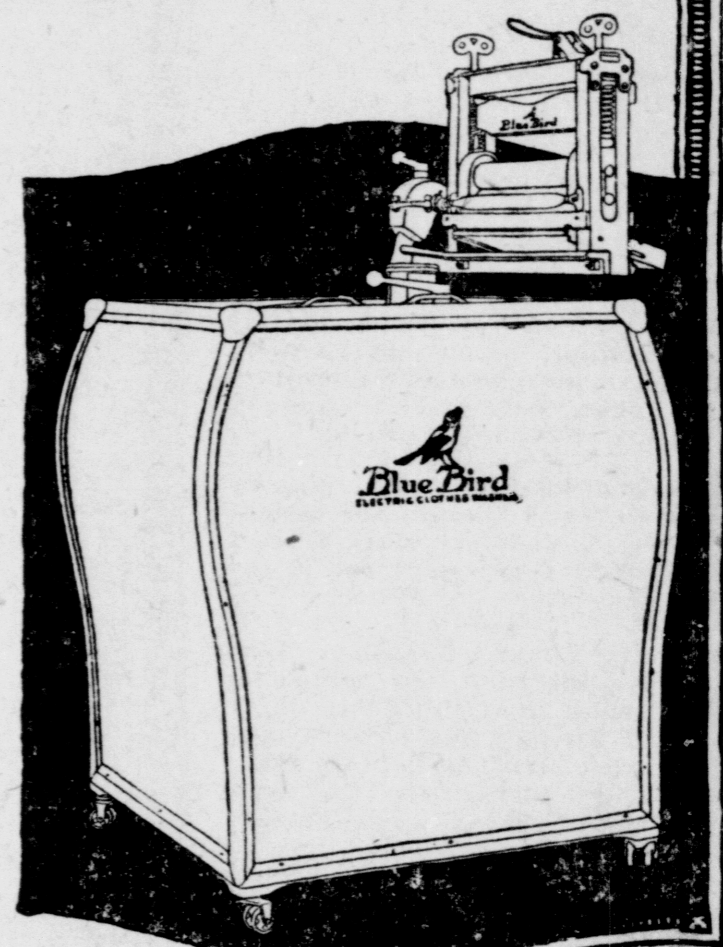

See BlueBird here today

Or better still, let us send one to your home for free demonstration with your own clothes. There is no obligation, no expense. Simply phone or call 437

BlueBird superlatives:

Handsome white enamel, tickel cabinet, tile top, all mechanism protected. Heavy copper, extra large tub, can't discolor clothes. Inside perfectly smooth, nothing to tear or wear. Washes by perfect rock-a-bye action, quickest, most thorough way.

Built for a life-time of use. Vise, extra strong rigid frame; simple, dependable mechanism. Large power driven wringer, swings to any position; adjusts automatically for light or heavy things. Highest grade guaranteed motor; powerful, dependable.

Miss Alta and Alma Montgomery spent Saturday evening in Sulphur the guests of friends there.

Misses Rudolph Hill and Nona Kyser spent a few hours yesterday with friends in Holdenville.

Miss Dorothy Hooks, a teacher of Lightning Ridge, spent the week-end in the city visiting friends.

Miss Vera Daggs, a teacher in the Altus schools, spent Sunday the guests of friends in the city.

T. O. Dandridge of Dandridge-Kerr Produce Co., returned yesterday from a business trip to Miami.

C. W. Burrell of Sioux City, Iowa, was looking after his oil leases near the city Saturday.

Miss Donnie Rushing, a student of the Normal, spent the week end at her home in Francis.

F. M. Gallamore came in last night from Cushing to look after business matters in Ada.

Wm. Stover of Harper, Iowa, was in the city Saturday on business in the interests of his oil leases.

Little Sadie Louise, infant daughter of Mr. and Mrs. J. C. Randall of West 12th street is very ill.

Mrs. L. A. Maxey and baby left yesterday for Shawnee for a few days visit with friends and relatives.

Earl D. Shjerk arrived in the city where he has a responsible position for a visit over Sunday with his wife.

Mr. and Mrs. Jack Jackson left Saturday for a few days' visit with friends and relatives in Fort Smith, Arkansas.

Mrs. W. M. Taylor of Holdenville has returned after a visit spent in the city, the guest of Mrs. J. G. Witherspoon.

Misses Errie and Emma Barnett of Shawnee spent yesterday visiting in the city with their sister, Mrs. J. A. Cowling.

Offie Penick, a student of Oklahoma University, returned to Norman yesterday after spending the week-end with friends in the city.

T. M. Ford, father of F. A. Ford, garage man, returned to his home in Shawnee yesterday evening after spending the day visiting his son.

Mr. and Mrs. F. F. Lucas of Wetumka spent the week-end in Ada, the guests of Mr. and Mrs. J. M. Duncan, returning home this morning.

Miss Hazel West, a successful and accomplished teacher in the city schools of Roff, spent the week-end with her parents and friends in the city.

Mrs. J. N. Nesbitt left this morning for McAlester where she will attend the meeting of the Grand Chapter of the Eastern Star as the representative of the Ada Chapter.

Thompson-Jolly.

Miss Jewel Thompson and John S. Jolly, both residents of Stonewall, were united in marriage yesterday at the home of J. F. Jackson of this city, by Rev. C. C. Morris, pastor of the First Baptist Church.

Miss Thompson is the daughter of H. T. Thompson of Stonewall, and has many friends in Ada as well as in her home town.

John S. Jolly is the son of J. S. Jolly, a prosperous farmer living near Stonewall.

J. F. Jackson, Jack Price and Miss Esther White accompanied the bride and groom to the new home of the groom in Stonewall where a feast of all kinds of good things to eat was prepared for the parents and friends of the bride and groom.

Their many friends in Ada extend to this happy young couple their best wishes at the start of their journey thru life together.

\$1,000,000 in American Drugs.

The American Red Cross gave outright \$1,000,000 to purchase drugs and other medical supplies for French soldiers during the dark days of the war, when the French Red Cross found itself unable to provide for the 780,000 wounded men lying ill in the hospitals. This is only part of the assistance rendered the French women war workers by the American organization, according to Countess d'Haussonville, a prominent French woman.

Lions Club Tomorrow.

The Lions Club at its regular meeting tomorrow at the Harris Hotel will entertain about a dozen citizens of Allen, representing the Allen Chamber of Commerce. The object of the meeting is to plan for the mutual interest of both Ada and Allen—and to discuss the proposed permanent highway between the two towns. All Lions are urged to be present.

Pavement Pickups

Frank Yeargain left Sunday for a business trip to Kansas City.

R. L. Alexander, county treasurer of Pottawatomie county, was in the city today. Mr. Alexander was here on a visit to his uncle, W. H. Taylor who he had not seen before in 10 years.

A teachers' examination will be held at the county superintendent's office in Ada on April 22, 23, and 24.

J. W. Adamson of Oklahoma City government postoffice inspector was in the city last week. He reports the local postoffice in excellent condition.

Mrs. M. M. Harwell and daughter, Gene, of Coalgate, are in the city visiting with her daughter, Miss Sibyl Harwell, stenographer at the Katy station.

Justice Joseph Anderson performed the ceremony Saturday afternoon uniting in marriage Mr. Lee Higdon and Miss Jessie Webster, both of Ada.

A baseball game was played at the fair grounds yesterday between the colored Red Sox of Ada and the Holdenville Grays of Holdenville. The local sluggers got the worst end of the deal, the score being 15 to 9.

The fire department was called out this morning about 7:15 o'clock to the Frisco railroad on West 14th street. For several days a tank car of oil had been standing on the track which had been leaking. The oil had run for two blocks down the track and it seems that someone had set this waste oil on fire. Quite a blaze was made but no damage was done.

Cleo Cruce 9 months old son of L. G. Cruce of North Ada, died at the family home yesterday. The funeral will be held at the family home this afternoon at 2 o'clock conducted by Rev. C. C. Morris. Interment at Rosedale.

Great preparation is being made for the big district track and literary meet to be held at East Central next Friday and Saturday. Interest in this great work of the schools increases each year and it is expected this will be the best year yet known.

Judge Bolen last week dissolved the injunction of the people in the Bellevue school district preventing the consolidation of three districts out there. The county superintendent is now at liberty to proceed with the consolidation, but that official has not taken additional action. The case has been carried to the state supreme court and the county superintendent will probably wait until the court has passed on it before he declares the result of the recent election.

Ada Affected By the Strike of Switchmen On All Railroads

Ada is very seriously injured by the strike of trainmen on the railroads of the country. Because of the strike the ban has been placed on all freight shipments going into affected territory and it is almost impossible to get service at all.

Mr. I. McNair, Frisco agent, says the men on their road are out at Sapulpa, and they no longer accept shipments or receive them through Fort Worth, Kansas City, St. Louis or Chicago.

Mr. Harwell says a new ruling went into effect on the Katy today in this division but shipments are affected just the same and their service necessarily is very poor.

Mr. Harwell says a new ruling went into effect on the Katy today affecting shipments sent by express. This ruling is that no passenger train can stay longer than six minutes at any station for the purpose of handling express. This rule will be rigidly adhered to and the down train from Oklahoma City today had to leave with much of the express unhandled. Mr. Harwell says of late so much of what should be freight has been sent by express that the trains put in more time standing at the stations than they do running between stations. The Katy proposes to change this condition by refusing to handle the express.

SIGNS OF BREAK IN STRIKE SITUATION

Continued From Page One.)

This morning when the Chicago, Burlington and Quincy Railroad lifted all embargoes after announcing that sufficient men had returned to work to keep all traffic moving. Conditions on other roads were improved today, brotherhood officials said.

New Orleans to Strike

By the Associated Press
NEW ORLEANS, April 12.—Unless wage increase demands are met by three p. m. tomorrow, 1000 union switchmen here will go on strike, it was announced today by officials of the local yardmen's association. The Illinois Central and Belt railroads will be most seriously affected in the event of a strike it was stated.

New Jersey Tied Up

By the Associated Press
NEW YORK, April 12.—The Central Railroad of New Jersey suspended all passenger service at noon today when agents were ordered to stop selling tickets. The road covers the state of New Jersey and the suspension order affects approximately 55,000 commuters.

New York Paralyzed

By the Associated Press
NEW YORK, April 12.—New York with its back against the wall, struggled desperately today to free itself from the epidemic of unauthorized railroad strikers.

Out of the maze of conflicting reports of new strikes called and others threatened, railroad officials professed to see a ray of hope because some passenger service had been maintained and food and milk trains managed to creep into the city. It was admitted by railroad officials however, that the situation "still was grave." With the Hudson tubes still tied up by the strike, the bulk of the burden of handling New Jersey commuters fell upon the ferries plying the Hudson.

The situation at most of the railroad terminals in New Jersey still was chaotic with only a few freight trains moving. Freight traffic over lines entering Manhattan was irregular.

The Chicago express on the Erie Railroad, which was abandoned yesterday at Port Jervis, New York, while members of the crew attended a meeting of the new union, arrived in Jersey City this morning more than ten hours late. The train carried mail and it was predicted that Federal authorities might take note of the delay. Advance organizations of railroad employees held meetings here and in New Jersey during the morning to discuss whether they would join the strike.

Co-operative Store of Ada Laboring Men Adds Francis Branch

The Community Store, co-operative enterprise owned by Ada laboring men and farmers, has installed a branch of the business at Francis, in the northern part of the county.

Mr. C. L. McNutt, manager of the Community Store, says they had a great many stockholders at Francis who wanted to patronize the business and they decided for this reason to put in the branch.

The Community Store was established at Ada about six months ago. It started on a very small scale but has made steady growth until today it takes its place as one of the leading grocery stores in Ada.

JACK COOMBS OUGHT TO STRENGTHEN TIGERS' ONE WEAK SPOT

Above, left to right: Jack Coombs during a workout, Pitchers Howard Ehmke, Dutch Leonard, George Daus. Below: Pitchers Slim Love and Bernie Boland.

By NORMAN E. BROWN.

While most other big league club owners and managers were spending the months off trying to bolster up their playing line-ups by the addition of an infielder, outfielder, pitcher or demon slugger, Hughie Jennings of the Tigers devoted his energies to signing a man who probably won't break into the box score.

But that individual, I believe, will make the walloping Tigers a more dangerous pennant contender than they ever have been in recent years. Which is saying something.

Who's the man?

Just Jack Coombs.

And Hughie signed him for just one thing—to coach his pitching staff and help him handle said staff in the campaign.

The weakness that kept the Jungaleers, Tyrus Cobb, Sam Crawford, Bobby Veach, Heilman, Shorten and their brother sluggers from poling their way into pennantville was the pitching staff. Jennings, a wizard at turning out hitters, never has been able to collect, or develop, a first class hurling squad. He has had the makings. He has had the chance to buy and obtain

by trade. But he never has produced. Of course, no one realizes this more than Hughie.

Last season, with an outfield that, aided by fair pitching, could have hammered its way into first position, Hughie found his team also ran. Even the arrival of Dutch Leonard, Red Sox vet, and the development of Howard Ehmke failed to produce results.

So Hughie acted. When Jack Coombs, veteran Athletic hurler, was named as pilot of the hopeless Phils, Jennings signed him.

Coombs will deliver for Hughie, if anyone can. His years of training under Connie Mack and his experience in the American—as well as the National—league have made him a brainy man in the pitching and coaching line. And so, there'll be more interest in the work of the Tiger hurlers this year than in the work of other departments.

Coombs has, to start with, a regular squad composed of Leonard, Ehmke, Daus, Boland, Ayres and Love. Three kids look good and will get a thorough once-over until cutting down time at least. They are Jonnard, Alten and Roberts. All of the first group are tried men. Ayres and Love are probably the weak sisters of the crew, but they have the arms if Coombs can get them under way. To help him in practice and help

the pitchers in the games Jack has one of the best catchers in the business—Ainsmith. The acquisition of the veteran receiver, King Walter was really Jennings' first move toward building up his hurling staff. Ainsmith alone added strength to the defence last year. Oscar Stranage, veteran Tiger backstop will be retained to help Ainsmith.

As to the rest of the team, there have been no changes and the present outfit needs little discussion. Everyone knows that last year Cobb batted .384, Veach hit .355, Flagstead walloped the ball at a .331 gait his first year up, Heilman hit .320 while playing first and Shorten hit .315. The three outfielders monopolized three places in the first ten list in the league batting records and all five men mentioned ranked among the first seventeen.

Veach and Flagstead are worthy mates of Cobb afield.

The infield—Heilman on first, Young on second, Bush at short and Bobbie Jones on third—is a good combination defensively. Bush ranks with Graney as a leadoff bearcat.

The team, with Cobb, Bush, Shorten in the list, is fast.

Count the Tigers in on that flag hunt, along with the Indians and Yanks.

And watch Jack Coombs' work.

GRIDIRON CLUB AT PRESIDENTIAL AGE

CELEBRATES THE EVENT WITH BIG DINNER AND NON-PARTISAN POLITICAL CONVENTION.

By the Associated Press
WASHINGTON, April 10.—Having arrived at the presidential age of 35 years, The Gridiron Club, celebrated the event tonight by turning its dinner into a national non-partisan political convention, at which 1920 candidates heard their claims presented in a fashion new to party politics.

Many were nominated and more discussed in such a way as to suggest to all candidates who were present notion that perhaps they take themselves too seriously.

The Gridiron convention was called to order by the clanging of a dinner bell, and when the delegates who also included guests, filed into the hall and took their seats at the dinner tables they discovered that both great political parties were heavily represented by some of their most distinguished members. Among those present were Secretaries Colby, Merediths, Houston, Payne and Daniels, Attorney General Palmer, Speaker Gillett, General Pershing, the Japanese Ambassador, the Polish Minister, former Secretaries Lansing and Lane, Homer S. Cummings, chairman of the Democratic National Committee; Will H. Hays, chairman of the Republican National Committee; Senators Watson of Indiana, Owen of Oklahoma, Harding of Ohio, Poindexter of Washington, Governor Sprout, of Pennsylvania, and Morrow of Kentucky and Colonel George Harvey.

The convention was opened by the selection of a temporary chairman, following which it proceeded to elect a permanent chairman, who proved to be W. W. Jermaine, the new president of the Club. The proceedings were mixed and fast and, while touching upon many phases of the 1920 campaign, really settled none of them.

A press section was filled with working newspaper correspondents and a large number of editors and publishers tried to crowd in. Dr. Albert Shaw could not get a seat

among the correspondents, who also rejected applications from William H. Taft and William J. Bryan. A pair of "sob sisters" who applied for seats met the same fate.

The working correspondents, however, were not without their troubles.

"I was told to describe Herbert Hoover," said one. "To what party does he belong?"

"I don't know," was the answer. "I haven't asked him since yesterday."

Platform planks on prohibition, labor, the tariff and the war made their appearance.

"My paper wants to know," one correspondent asked, "whether McAdoo is for or against the government ownership of railroads?"

"Answer, yes," he was advised.

A session given over to the ministrations of three mediums, who summoned spirits and made them talk by means of a ouija board, operated mysteriously without the use of hands and in full view of the delegates.

The spirit of Charles E. Hughes remarked: "I would have been alright if Will Croker had not fed me those California ripe olives."

Said the spirit of Josephus Daniels: "I am being punished for my sins."

The spirit of Vice-President Marshall observed: "What the Democratic needs is a fool killer. Then the few of us left can form a new party."

Frank Hitchcock's spirit told the delegates: "It pays to advertise. I put an ad in the papers, reading as follows: 'Situation wanted as political manager for some candidate. Terms. Florida delegates on delivery. Fast color guaranteed.' Now look at the job I got."

The spirit of Robert Lansing solemnly said: "May I not suggest to you, my dear Colby, that it would be the part of wisdom and discretion to move your office to the ground floor. It is much safer. Cordially and sincerely yours."

The spirit of Secretary Baker sent this message: "It's all very well to insist on your love, but why don't you kick me upstairs into Lansing's job?"

From the spirit of Henry White came this: "Ah The Peace Conference. I loved it. It was there I was cured of insomnia."

There was a musical interlude, also political, in which Senator Harding, Attorney General Palmer, Herbert Hoover, General Leonard Wood, Governor Lowden and William J. Bryan all found themselves

caricatured. Mr. Palmer was asked:

"Were you a candidate for senator against Penrose and Pinchot in 1914?"

"I decline to answer," he said, "and plead the statute of limitations."

Governor Lowden who admitted that he had been honored with the Virginia delegates, sang "Carry Me Back to Old Virginia."

Nearly all of the candidates sang their claims to sit in the White House, after which President Jermaine announced:

"After looking this bunch over the chair announces the convention is not yet ready to vote. There are some dark horses down in the pasture which we wish to inspect before taking decisive action."

The political status of the Peace Treaty also was considered. Three chiefs in full regalia appeared in the center of the hall and proceeded to concoct a peace pudding, which they promised would be the last word in artistic perfection.

The pudding, it appeared, was planned to have 14 points of perfection, but at the last minute it was found necessary to eliminate a number of the points. The trio of chefs labored diligently explaining

FLORIDA WOMAN TELLS WHAT ENDED HER FIVE YEARS OF SUFFERING

Mrs. Marietta Wooten Had Tried All Kinds of Treatments Without Deriving The Least Benefit.

HAD TO STAY IN BED FOR DAYS AT A TIME

"After What Tanlac Has Done for Me It's a Real Pleasure to Recommend It to Others," Is What She Says.

"After suffering for five years and trying all sorts of treatments and medicines, Tanlac is the only thing that ever did me any good," said Mrs. Marietta Wooten, 1024 Fifteenth street, Tampa, Fla.

"For the past five years I had been troubled with a severe pain in my left side. My food disagreed with me, and gas would form on my stomach, causing the pain in my side to get a great deal worse, which often was so severe I was compelled

ed to remain in bed for days at a time. Finally I got so I just dreaded to eat and ate as little as possible on account of the extreme suffering and pain it always caused me. I was so nervous I could get but little sleep and always got up in the mornings feeling deathly sick and so weak I would tremble like a leaf and hardly able to move.

"My attention was called to Tanlac by statements of people I knew right here in Tampa, who said they had been greatly benefited by it, and I decided to try it myself. I realized after taking the first few doses I had at last found the right medicine for my troubles. So I continued taking it and continued to improve until now I am entirely free of that terrible pain in my side. I eat heartily, can eat anything I want and never have a sign of gas or any other trouble afterward. My nerves are in good condition, I sleep well and always get up feeling greatly rested. I can stand on my feet as long as I please without tiring me and can do my housework with the greatest ease. After what Tanlac has done for me it is a real pleasure for me to recommend it to others."

Tanlac is sold in Ada by Gwin & Mays Drug Co., in Stonewall by L. P. Carpenter, in Francis by Francis Drug Co., and in Roff by Dowdy's Pharmacy.

ing the ingredients as they mixed. The pudding finally was covered with an icing approved by 49 members of the Senate, but no sooner had the icing settled into place when the pudding exploded with a loud report, scattering the contents all over the chefs.

"Now we can't even pocket it," observed one of them sadly.

At one point the convention was interrupted by the invasion of a gorgeously dressed woman, who demanded in loud tones to be shown to a seat. The "woman" declared that she had been elected a member and that, if necessary, she would throw a man out in order to get a place at the tables.

"If the women don't get self determination," she said "there'll be male extermination."

When finally informed that it was impossible to admit a woman to a Gridiron dinner she promptly removed her skirts; to the threatened scandal of the convention and it was discovered that the "woman" was a newly elected member of the club.

There were speeches by Secretary Colby, Speaker Gillett, Prince Casimir Lubowski, the Polish Minister; Colonel George Harvey, General Pershing and Governor Morrow. Reporters, however, are never present at Gridiron Club dinners so the speeches were not reported.

"SGT.-MAJ. MARY" GETS WOODEN LEG FOR VALOR

Mary Petrovitch, a young Serbian woman who served through nearly all the war and lost a leg in the service, has just been fitted out with an artificial limb by American Red Cross workers at Belgrade, Serbia.

Miss Petrovitch, who is 27 years old, joined the Serbian army in its great retreat in 1915, in order to nurse her wounded fiancé. When he died she took his place in the ranks and fought with the men. She served later on the Salonika front, where she was promoted to the grade of sergeant-major. At one time under shell-fire, she was in absolute command of her company, all other officers having been killed or wounded. She was wounded in the battle of Kursunlia and taken prisoner by the Bulgars. A Bulgarian surgeon amputated her leg, and soon after she was released and sent back to Belgrade.

The crippled heroine was placed in an old barrack hospital with other invalid soldiers. Upon learning her identity the doctors wanted to remove her to more comfortable quarters. But she refused, saying that she desired to remain "a soldier" to the end of her service. At the artificial limb factory established by the American Red Cross she insisted that her new leg be the same as that given to other soldier-cripples. In a few weeks she expects to take an active part in the reconstruction of her country—going back to farm work.

Notice to Contractors

Sealed bids will be received for the erection of a brick school house at Oakman, District 12, Pontotoc County, up to 12 o'clock noon, April 19. Plans and specifications can be seen at the office of the county superintendent of schools, A. Floyd, in the county court house after Thursday, April 8.

The board reserves the right to reject any or all bids.

PHYSICIANS BAFFLED BY NEW DISEASE

A new form of encephalitis lethargica, loosely called "sleeping sickness," is taking appalling toll among children in Vienna, according to reports received from the American Red Cross mission there, by southwestern divisional headquarters of the Red Cross at St. Louis. The disease, which thus far has

defied the powers of medical science, is caused by the germ of influenza, and attacks the brain of its victim. The sufferer is left stupefied and terribly emaciated. One child victim, aged 7, weighed only 29 pounds at death.

Fighting against the almost insurmountable obstacles presented by lack of medicine, supplies and food, Red Cross physicians have sought to stop the spread of the disease. Hospitals in Vienna, it is said, are overcrowded, as a long period of convalescence is required for those who recover.

DOUBLE WEDDING AT UNION VALLEY

Misses Ida Leach and Ellen Parker two of Union Valley's most popular young ladies were married Sunday, Feb. 29. Miss Leach to Roy Keller, Roswell, N. M., and Miss Parker to Clyde Murphy of Frisco. Rev. Holland, pastor of the Methodist church of Stonewall was officiating.

Miss Leach is the beautiful and accomplished young daughter of Mr. and Mrs. W. Leach of Union Valley. She was reared in Stonewall and has the friendship and esteem of all who know her. Mr. Keller is a popular young ranchman in Roswell N. M.

Miss Parker is the daughter of Mr. and Mrs. John Parker of Union Valley, who have only been in this community a short while. She has made a host of friends in the Union Valley community during her short time of residence there. Mr. Murphy is a prosperous young farmer of Frisco.

The young couples were married at the home of Mr. and Mrs. W. W. Murphy, uncle and aunt of the boys, under the same ceremony.

The young ladies were dressed in blue traveling suits, and carried large bouquets of pink carnations. Mrs. W. W. Murphy played the march as they marched through the sweet scented hall into a beautiful decorated parlor, where they were married in the presence of many friends and relatives.

A nice wedding dinner was set, and the Edison and piano furnished music for the evening.

Mr. and Mrs. Murphy will make their home in Frisco, while Mr. and Mrs. Keller will leave in the near future for their home in Roswell, N. M.

These two young couples have the congratulations and best wishes of the entire community.

Mrs. J. D. Gaar, Ada Pioneer Died From Heart Failure Sat.

Mrs. J. D. Gaar, one of the pioneer ladies of the city of Ada, died suddenly at her home six miles west of the city Saturday night about 9 o'clock. Heart failure was the cause of her death.

The death of Mrs. Gaar was wholly unexpected and it was a complete shock to her family. It is said Mrs. Gaar was playing with her children preparatory to retiring for the night when all at once she suddenly fell to the floor and death was instantaneous.

Mrs. Gaar has been a citizen of Ada and Pontotoc county for more than 20 years. For a good many years the family lived on the north side in the city, later moving to their farm six miles west where they have since resided. She grew to womanhood in Jackson, Mississippi, but moved with her husband to Oklahoma territory about 25 years ago. She was the mother of 15 children, 12 of whom are living. In addition to these she is survived by her husband, who is heart-broken because of her sudden death.

Funeral services over the remains of Mrs. Gaar will be held at the Second Baptist church of Ada, of which deceased was a devout member, this afternoon at 2 o'clock. The funeral will be in charge of Rev. Stringer and interment will follow in Rosedale cemetery.

Rooms wanted for Summer Students

The Normal College is planning to canvass the entire city of Ada one afternoon this week in order to find out the number of rooms that will be available for Summer School students. People who are interested are asked to give this matter attention and watch for further announcement.

Ada Men Place Johnston County Resort on the Map

Ada citizens have placed the town of Bromide, famous health resort of Johnston county, on the map with-in the last few weeks. The citizens of Bromide have "come alive" so to speak and when they wanted to take on new growth they came here to get men to handle the deals and supply the capital necessary.

One of the big industries started down there recently is the Viola Rock Crushing Company. This company was recently organized with \$100,000 capital. The superintendent in charge of the business is S. H. Smith, civil engineer, formerly with the cement plant here. Another Ada man interested in this business is attorney Lowedy Harrell, who is a member of the board of directors and legal representative of the concern. The citizens of Ada are proud of these young men who help organize this business and who are doing so much toward making it a success.

Another great work of an Ada man at Bromide is that of installing an electric lighting system. This work was done by W. P. Brooks of the Argonne Electric Company. This system is a part of the lighting system of Wapanucka and Mr. Brooks had charge of connecting the two cities with the plant near Wapanucka. He used Ada electricians in putting the system in, and the money spent in the work amounted to more than \$10,000.

It was said by an Ada man today that no less than 18 people from Ada are registered at the hotels of Bromide, all engaged to business organizations of some nature.

County Track Meet Is Won By Athletes From Roff School

Roff walked off with the track meet of Pontotoc County held in Ada Friday and Saturday. The boys from the metropolis of Fitzhugh township were easy victors in both A and B classes, being far and away ahead of any and all contestants. A list of the winners will be given in tomorrow's issue of the News.

SHORT SYNOPSIS OF

"IN OLD KENTUCKY"

Back in the days when the moon-shiners constantly fought the revenue agents and carried on feudist battles among themselves in the hills of old Kentucky lived Madge Brierly.

She is bound by ties of blood vengeance to Joe Lorey, a moonshiner, his father and her father having been slain by the same man, Horace Holten. She is half in love with him, until one day there comes to the mountains a young society man from the city, Frank Layson. He, with a party of men and women, are on an outing trip, and also looking up some mining claims.

With them is Holten, in disguise. He knows the value of the rich mining claims on the Brierly land and attempts to buy them from her for \$1,000. Not knowing the value of the money she accepts it. But Layson comes on the scene, and finding out about the transaction, forces Holten to return the money and tears up the deed.

To get revenge, Holten tells Joe Lorey that Layson has informed the revenue agents about his illicit still. Lorey immediately hunts for Layson, finds him and the two have a terrific hand to hand battle in which Layson is knocked unconscious. He puts dynamite under him to destroy all traces, but his better nature will not allow him to set it off. In the bushes watching is Holten. When Lorey leaves he sets fire to the fuse.

But Madge Brierly sees the act from her home. There is a great chasm between them, but she leaps on her horse to reach the man. Holten has wrecked the draw in the bridge, but she makes the daring leap and extinguishes the fuse.

Madge is invited to the Layson home in the city. The great Kentucky handicap race is coming on, in which Layson has entered his thoroughbred racer, and staked all most his entire fortune on it. Holten again tries to set revenge by setting fire to the barn. But Madge rushes into the flames and leads the horse to safety.

As a last resort Holten drugs the jockey. Again Madge, who suspects the man, learns of the plot, and donning the jockey's costume, rides in the race and wins by a nose.

Suspected himself, Holten, says that Joe Lorey is the guilty man. The night riders are called and go in search of him with a rope. They find him and are about to string him up, when Madge comes on the scene after a wild ride, with proof as to Holten's deeds. He tries to escape but falls over a cliff.

Then comes the great celebration of the race. Madge tries to slip away, as she has been told by a jealous rival that Layson is playing with her heart. That night she is to learn whether he loved her or not.

Medicine With a Pin.

During the recent influenza epidemic a party from the Red Cross chapter at Anchorage, Alaska, went 50 miles by train and then another 50 miles by dog team to carry relief to an Indian village. Some of the Indians were given hypodermic injections, and they liked them so well that later, when medicine was offered them in a spoon they refused to take it. "No, no!" they cried. "Medicine with pin."

Fifty of the Indians were down with the "flu," and 19 were dead. After the arrival of the Red Cross workers only five died.

Agent George of Local Express Office Asks Cooperation of Public

New efforts to improve the standards of the express service throughout the country are contemplated by the American Railway Express Company, which will continue the handling of the business as a single unit, for the time being at least.

A statement to this effect was made today by Agent Louis George in charge of the local express office, in urging shippers to be patient and to lend their co-operation in bettering the express service.

Now that the American Railway Express Company is operating under its own management, said Agent George, "we are gradually returning to normal conditions and are introducing a great many changes in methods which we expect will, within a reasonable time, show results very satisfactory to shippers."

"We have already accomplished much since the time of the merger in 1919, and the service is generally considered good. But we do not say it cannot be improved and that is our aim. Yet we cannot promise immediate improvements, owing to the unsettled conditions that have to be faced during this period of readjustment. With the improvement of the railroad service and with more facilities in cars and terminals, we believe that we can show great progress in this direction."

Paving of 150 Blocks Of Ada Streets To Start May First

W. B. Jones, commissioner of finance of the city of Ada, has received a letter from the Johnson & Benham Engineering Company of Kansas City, in which they state that they have the plans and specifications all complete and ready for delivery to the city of Ada. Mr. Jones says the plans will be here April 20th and that immediately the bids for the paving will be advertised so that work may start on the paving by May 1st. There are 150 blocks of Ada Streets where the property owners have voted to pave and it is very gratifying to see the work thus soon to commence.

ARDMORE OPERATORS TO THE FRANCIS FIELD

FRANCIS, April 12.—Westheimer & Daube, oil operators of Ardmore, have acquired the well of the Oil State Oil company, in the northeast quarter of section 34-5-7, Francis field, and leases aggregating about 500 acres in that vicinity, and have contracted to start soon the drilling of four wells simultaneously.

The acreage is about three miles east of Francis, in the direction of the Allen field. The Ardmore men plan to ship four rigs here at once. Lee & Smith of Durant, who recently brought in an offset to the Masco well which discovered the pool, have contracted to drill ten wells on their acreage this spring and summer. Their well, which is in the northeast quarter of section 3-4-7, is reported to be making about 50 barrels from the 1,100 foot sand. It came in good for 100 barrels.

The outlook is that this shallow field is to be greatly developed this year. Contracts for several other wells are in the negotiation stage. The Francis Oil & Refining company is making all possible haste to complete its 1,000 barrel refinery here within the next few weeks. Development of proven tracts makes it appear likely that before autumn the plant can be operated to capacity on local production.

REALTORS TO FIGHT "CURBSTONE" BROKER

The fight against the "curbstone broker" will be among the greatest problems to be dealt with in the organization of Oklahoma real estate dealers into an effective unit, W. T. Melton of the firm of Melton & Lehr, said when discussing the things that must be done to make an effective organization of realtors.

A "curbstone broker" Melton says has been defined well by prominent real estate men as the fellow who does not maintain an office, does not advertise, and in many cases does not claim to be a real estate salesman. He is a fellow who is usually satisfied with a mere existence, enjoying his street office and loafing places, where he gets information.

In some instances, as the definition goes, he may watch real estate offices and try to interview their clients when they leave. He sometimes works on out-of-town people, going to hotels and getting the names and addresses from the register and trying to get into conversation with them.

His usual argument, it was stated, is to buy direct and thus avoid paying big prices and commissions. He sometimes says he knows of a person who has property to sell that will meet their requirements. He is not personally interested, but does a favor to the person.

This sort of fellow, said Melton, is the greatest problem real estate men have to face today, and the business never can be on the high plane it ought to hold until some systematic organization is got which will be able to eliminate him. Other real estate men express the same views held by Mr. Melton.

Notice, Legionnaires.

The music for the minstrel is here and we want to start out to-night with lots of pep on the practice. Be there at 7:30 P. M., at the City Hall.

For Sale at Auction.

We will sell to the highest and best bidder on Friday, April 23, between the hours of 1 and 3 o'clock

If you ever watched a sign painter

And wondered what the next word was going to be — you would have enjoyed looking over our shoulder last Tuesday afternoon while we unpacked \$11,000 worth of Spring suits in as many seconds.

Talk about thrills; why even the staple stout styles would have made you wish you were forty and portly—to say nothing at all about the young men's models that have more new wrinkles than a pound of Calabria raisins.

What a splendid opportunity this is for a good dresser to see about his summer wardrobe.

You—for instance.

tween the hours of 1 and 3 o'clock one large frame school building in the town of Oakman, Pontotoc county, Oklahoma.—H. Clay Stephens, Member of Board. 4-12-10td-1tw

For That Summer Frock

Delicate fabrics whose lightness and lustrous finish radiate the Summer spirit,—these are offered you in our wonderful assortment of

LaPorte Wash Goods

They embody an elegance of pattern and daintiness of coloring and texture which appeal instinctively to the woman of fine taste.

We can show you some exceptional values in our Wash Goods section. In our other departments we have a wide assortment of linings, trimmings, buttons, etc., to match.

Ginghams, Voiles, Tissues, Organdies and White Goods in a wonderful assortment at

35c to \$1.50
